# Timesheets

## Easily Record Your Trade's Time Cards

Dealing with Timesheets has never been easier. Each employee or contractor can easily enter their timecard information directly into MEX Timesheets.

You can say goodbye to those old paper timesheets and manual time entry. MEX Timesheets lists your trades hours directly on each Work Order without switching to a separate platform. You can check at a glance to see who has been working on what job and how long it takes them. Inaccurate and messy timesheets are no more, where you can spend your time achieving bigger and better goals.
